Assistant Deputy Director for Support
Room 7D18
Hqs

23 September 1968

Director of Security
Room 4E60, Hqs

Oz -

Without detracting from the excellence of the job which the Safety Staff has done, I hope, on reconsideration, you will agree that the suggested action is premature -- going to the Director in anticipation that a future document will contain a particular thought. I'd suggest that we hold until we actually receive the letter and then figure out what Agency action should be.

John W. Coffey
